Phone number: +31 6 18687280
Address: Karel Doormanstraat 3c 6045EA Roermond
Date of birth: 27-01- 2000

ABOUT ME

After high school I took a gap year to find out where my passions lie and what I see myself doing later in life. My final conclusion was IT. It sparked my interest ever since I got to experiment with software development in high school. After some exploring in the sound technician business, I ultimately came back to my first passion.

EDUCATION

2012-2018
6 Atheneum, Natuur & Techniek

2018
